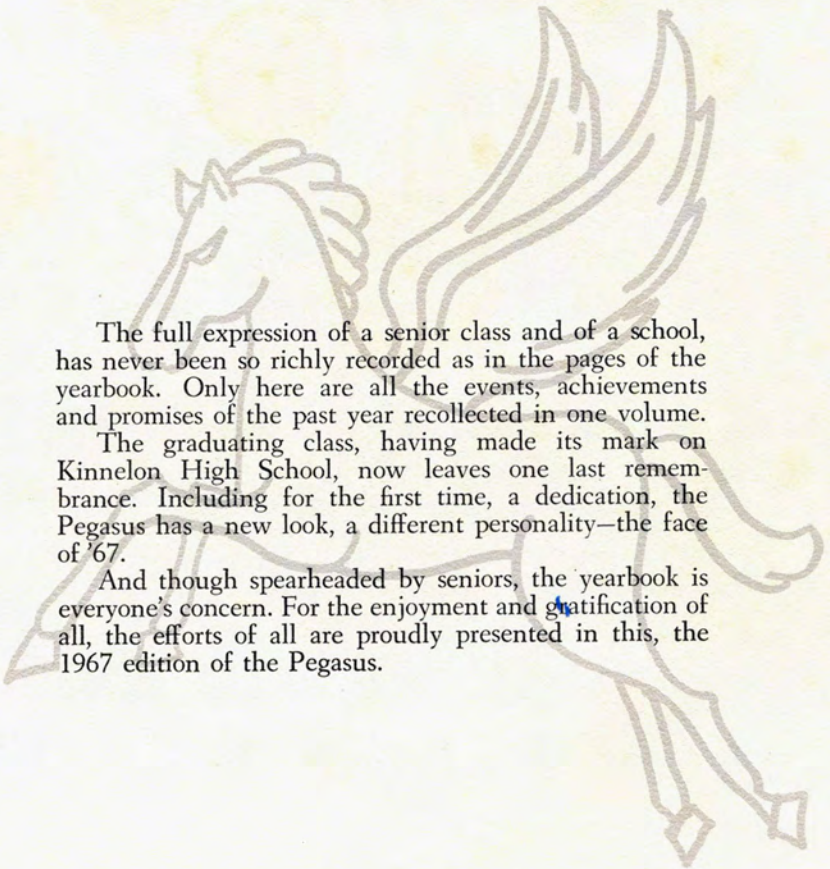
The 1967 Staff Presents . . .

PEGASUS



The full expression of a senior class and of a school, has never been so richly recorded as in the pages of the yearbook. Only here are all the events, achievements and promises of the past year recollected in one volume.

The graduating class, having made its mark on Kinnelon High School, now leaves one last remembrance. Including for the first time, a dedication, the Pegasus has a new look, a different personality—the face of '67.

And though spearheaded by seniors, the yearbook is everyone's concern. For the enjoyment and gratification of all, the efforts of all are proudly presented in this, the 1967 edition of the Pegasus.
