Senior Year • A Time to Remember

Both Days Past and Years Yet to Come

In 8th grade, Kinnelon and Riverdale students were united. New friends were made, new teachers met. Classes were held in the old Kiel School; one can never forget the split sessions, classes in the Kindergarten, and 1st grade rooms. Then came the transfer to the High School; and even fresher in our minds is the memory of the half finished building, the knee-deep mud, and the hand bell for changing class.

Our freshman year at last! One finally becomes a *real* high school student, and is able to go out for sports, organize clubs, work on the Hitching Post. One begins to busy himself with activities and learns to cope with homework assignments.

Our Sophomore year and Kinnelon High School begins to feel more and more like home. One takes on more activities, goes to football and basketball games, pep rallies and dances. In the spring came the National Honor Society Induction ceremony and South Pacific. This was the year of our first year-book, and our first graduation.

Our Junior year arrives with the Colt Shindig and all those tests—hours and hours of PSAT's, SAT's,

and National Merits. This is the year that our envy of the Seniors becomes more apparent as we participate even more in the running of the school. Spring arrives and, then, the Junior-Senior Prom at the Governor Morris Hotel, and again another graduation.

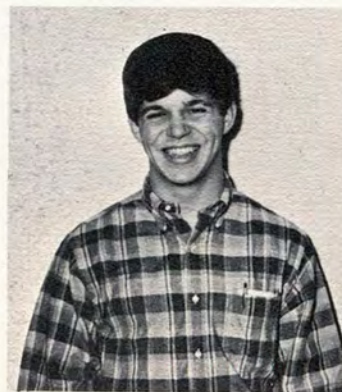

Senior year at last! After these long years of being underclassmen. Finally we can drive to school. Our final push to make our class the best yet with the magazine campaign, the senior play, bake sales, dances, another Colt Shindig, and our last year of participation in sports and activities. One makes a desperate effort to leave his mark at K.H.S.

Senior year brings more tests, decisions to make, and applications to be filled. And finally spring arrives and one almost stops working and enjoys himself during his final days at K.H.S.

Our class trip and, at last, graduation. Our final goodbyes to teachers and friends, for now we are on our own. It is our world, and it is now time for us to make our own life—for graduation is the commencement of our lives as true individuals and citizens of the world.
